Mohnish Vishwakarma

Full Stack Developer

✉ mohnish201@gmail.com 📞 +919981705365 📍 Bhopal, MP 🔗 Linkedin 🔗 Github 🔗 Portfolio

Full Stack Developer with around 3 years of experience architecting scalable web applications and distributed systems. Proficient in frontend engineering, backend API design, database optimization, and cloud deployment. Experienced in designing production-ready systems with a focus on performance, maintainability, and security.

PROFESSIONAL EXPERIENCE

1. Explorogent International Services Pvt Ltd   Apr 2025 – present | Remote
Full Stack Developer
- Designed and developed scalable web and mobile applications using React.js, Next.js, Node.js, and MongoDB, delivering production-grade solutions.
- Engineered RESTful APIs, optimized database queries, and improved application performance through efficient architecture and caching strategies.
- Deployed containerized applications using Docker on cloud platforms with CI/CD pipelines ensuring reliable releases.

2. Illustrake   Aug 2024 – Mar 2025 | Remote
Software Developer
- Built and maintained a full-scale e-commerce platform across frontend, backend, and database layers using the MERN stack.
- Designed modular backend services and integrated third-party APIs to ensure smooth system interoperability.
- Improved system efficiency through API optimization, schema design improvements, and performance tuning.

3. Ash IT Service Ltd   Aug 2023 – Jul 2024 | Noida, India
Software Developer
- Developed responsive, SEO-friendly web applications using Next.js with server-side rendering and optimized frontend architecture.
- Implemented secure CRUD operations, authentication workflows, and dynamic document generation systems.
- Collaborated in agile teams to deliver scalable features with focus on maintainability and clean code practices.
